

If you are renting your house or apartment, authorization is required from your landlord before we can proceed with any installation or service changes. Please print the attached form, ask your landlord to sign it, and give it to the technician at the time of installation. This completed authorization form is required for the initial installation and if you are adding any new service outlets or moving existing service outlets only.

Renter Authorization

In order to establish high speed Internet and/or telephony service with Sebewaing Light and Water, customers residing in a rental property must complete this form and arrange for the homeowner or property manager to authorize the installation of such services by signing below.

By signing below, homeowner authorizes Sebewaing Light and Water permission to enter upon property for the purposes of installing/maintaining/removing high speed Internet and/or telephony service to the rental property described above. Homeowner acknowledges that installation of such service(s) may require Sebewaing Light and Water to bury fiber or other plant and/or attach optical network units, wiring, brackets and other hardware to the property's exterior or interior. Homeowner also acknowledges that Sebewaing Light and Water is not responsible for removal of such hardware, nor is Sebewaing Light and Water responsible for restoring the property to its original condition upon termination of the account.
